

BANKSTAFF

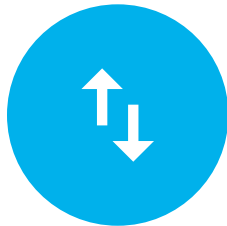

Automate the process of filling duties with the right staff

Optimise and efficiently manage a temporary workforce, ensuring compliant and safe staffing, whilst reducing the reliance on expensive external agencies. Allocate's temporary staffing solutions are the mostly widely used in the NHS.

Save Costs

Automate the process of filling duties with the right staff

Reduce Risk

Optimise the use of substantive staff and get bank staff with the right skills

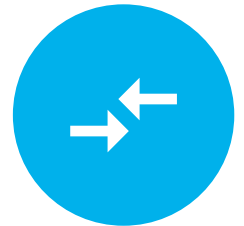

Manage Payments

Pay bank staff quickly and easily and align agency payment with framework agreements

Flexible

Enables flexible bank working with improved engagement for bank workers

Integrates

With HealthRoster and Me App. Can also work on a standalone basis

Ensuring shifts are staffed with the right people with the right skills mix and their workforce remain engaged

Streamline the process of identifying and deploying staff to fill available bank shifts

North Tees and Hartlepool
NHS Foundation Trust

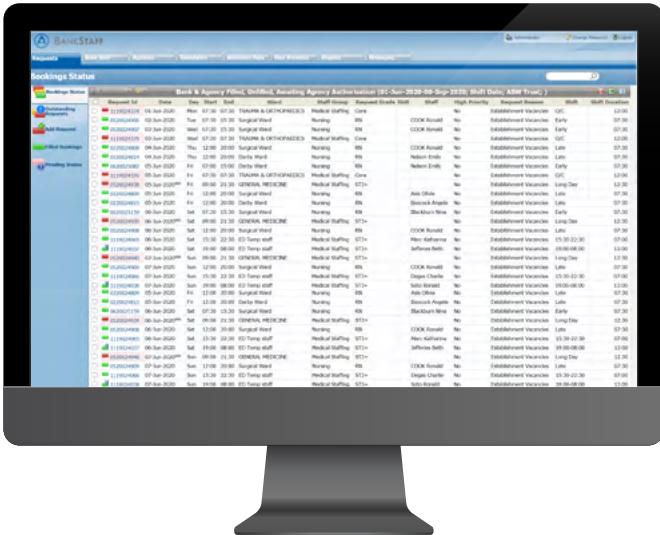

"We have achieved savings of over £500k on our nursing agency and overtime spend – the integrated bank solution has enabled us to more effectively redeploy our staff across the Trust, and as a result our agency use is 0%."

Esther Blackley, Trust Nursing Resource Manager, North Tees & Hartlepool NHS Trust

Suitable for all staff groups, especially when combined with the enhanced functionality of BankStaff+

Enables you to manage Bank Staff workers, including professional registration, training/certification, work preferences, annual leave and upload directly from ESR. Workers can self-manage by entering their bank availability, book shifts, view schedules, cancel bookings and enter timesheets via an app or web portal.

Features

- Request duties, and view booked bank/agency workers directly from the roster.
- Automatically updates the rosters.
- Sends alerts via SMS and Email to broadcast available duties, confirm bookings and cancellations, reminders and ad-hoc communications.
- Timesheet approval and payment processes with pay extract to ESR.
- Financial modelling gives managers estimated cost and audit trail for all duties and costs for agencies before transferring requests.
- Dedicated operational and management reports and data extracts for temporary staffing, including mandated NHSEI bank and agency reports; providing an efficient way of complying with national reporting requirements.
- Provided as SaaS, with remote 24 hours access and compliant with latest security and GDPR standards.
- Easily extended with BankStaff+ features, integration into 247Time for Direct Engagement, and to form collaborative bank using CloudStaff.

Benefits

- Reduce clinical risk by providing the right staff with the right skills.
- Self-Serve and automation streamlines the bank booking processes and saves time.
- Provides organisation-wide staffing visibility for all staff groups.
- Integration into rosters ensures only genuine, budgeted and authorised demand is requested.
- Improve worker engagement with a dedicated app for managing bookings.
- Control agency spend through Direct Engagement Integration, negotiated rates and invoicing.
- Improve control and compliance through booking rule configuration compliant with EWTD.
- Delivers real-time operational data for informed decisions and reviews.
- Empowers the bank office to fully manage the digital asset requirements for a locum worker
- Efficient way of complying with national reporting requirements.

There is increasing pressure on healthcare organisations for improved patient outcomes, despite tight constraints on budgets, but by optimising the effective use of substantive staff, BankStaff can help protect continuity of care and save costs on bank and agency staff.

Integrates with HealthRoster 11, BankStaff+, CloudStaff, 247Time Direct Engage

Cost savings through improved bank fill and reduced agency use.
