Change the way you source and engage with temporary doctors, allied health professions and more, to realise immediate and significant savings

Our end-to-end process ensures you are getting the best value at all times. Duties are released and cascade through the integration with Bank and Roster Software meaning duties are filled first with substantive staff, then internal Bank before finally releasing to agencies.

Through pre-agreed and configured rates agency charges are automatically calculated creating a single file upload with no need for manual input, ensuring complete accuracy and efficiency. With integration to AllocatePay, we can run payroll on your behalf.

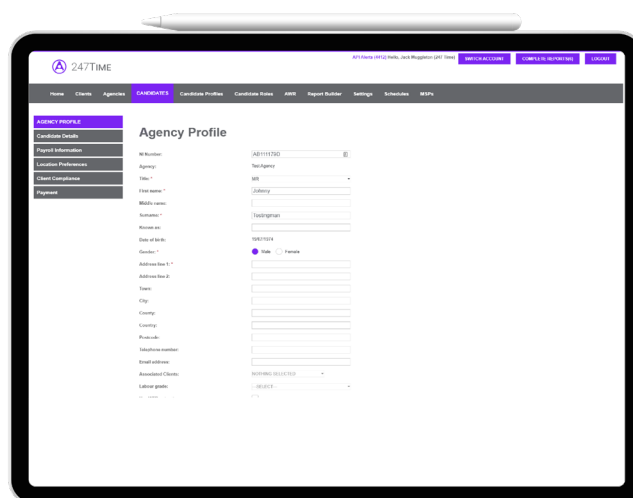

Features

- Trust engage workers directly
- Release unfilled bank duties to agencies easily
- Complete integration with Bank & Roster
- Agency tiers including auto cascade
