

## HEALTHROSTER 11

Powerful eRostering software, dedicated to Healthcare.

As the only e-rostering system built for the complex needs of the healthcare industry, HealthRoster 11 makes the process of creating rosters as simple as possible, while ensuring safe staffing, efficient use of resource and meeting the needs of patients.

### Safer Staffing

Bring workforce and patient acuity together, matching staffing levels to patient need.

### Joined Up Working

Roster across multiple locations, disciplines, integrating all healthcare staff.

### Complete HR

Connecting rostering with ESR, including payroll, to streamline the administrative process.

### Reduce Admin Burden

Automation and template tools help to streamline the workload.

### New Face, Same Personality

A new user interface based on trusted functionality makes HealthRoster simpler, easier and more intuitive.

  
**The Royal Wolverhampton**  
NHS Trust

“HealthRoster enables effective, efficient use of the resource we have available whilst supporting safe staffing at the same time.”

Alan Duffell, Director of Workforce  
The Royal Wolverhampton NHS Trust

**Reduces the administrative burden, releasing more time for frontline care.**

**HealthRoster is the most commonly used e-rostering system in the NHS.**

## New for 2022: Paint your rosters your way

With our latest release, you can swap the default shift colours to a new custom palette, allowing you and your organisation to tailor your rosters and make them easier on the eye, so they work better for everyone.

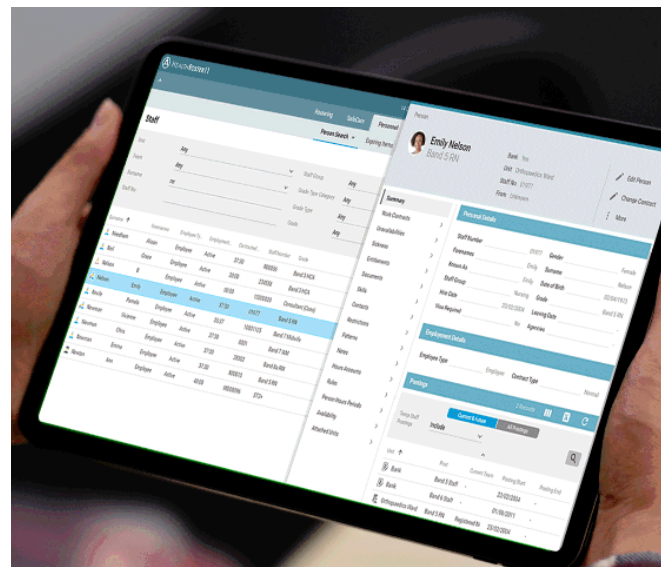

### Benefits

- Rostering is simpler, faster and easier thanks to new user interface
- Reduces 'fire-fighting' with rosters that put the right people in the right place at the right time
- Work smarter with unique joined-up staff group rosters allowing them to work together
- Improve patient care by ensuring that correctly skilled staff are on duty
- Streamlined administrative tasks means more time to care on the frontline
- Unrivalled transparency in staffing issues help fix issues before they impact services
- Drive costs savings by reducing avoidable costs, streamlining back office operations and decreasing dependency on bank and agency staff
- Improves staff satisfaction and reduction in absenteeism thanks to fair and efficient rosters
- Improved payroll accuracy thanks to automating enhanced pay and direct interface with ESR
- Features the largest e-rostering community, sharing experience and support via regional, national and online user groups

### Features

- Swap around shift colours to make your rosters work for you
- Accessible on tablet devices. Personalised blended learning path
- Create and maintain rosters for range of complex areas including theatres and clinics
- 'One-screen, one click' approach – the nurses' choice
- Rosters all staff, substantive and temporary, including integration with BankStaff and NSHP
- Real-time rules engine, highlighting unfair and unsafe as soon as duty is assigned
- Creates automated timesheets and in-built payroll integration
- Roster Analysis feature objectively shows if the roster is safe, fair and efficient against KPI's
- RosterPerform dashboard that highlights rostering issues across the whole organisation
- Integrates with Me App & EmployeeOnline so staff have easy access to their roster

**The only eRostering system dedicated to the healthcare industry.**
